Wechat: NEFESCONFERENCE

The 8th International Conference on New Energy and Future Energy Systems

November 21-24, 2023 Matsue, Japan

Supported by Harbin Institute of Technology (Weihai), the 8th International Conference on New Energy and Future Energy Systems (NEFES 2023) will be held during November 21-24, 2023 in Matsue.

As an annual conference held successfully in the past 7 years in Beijing (NEFES 2016), Yunnan (NEFES 2017), Shanghai (NEFES 2018), Macao (NEFES 2019), and Online via Microsoft Teams (NEFES 2020, NEFES 2021 and NEFES 2022, changed from offline to online due to the COVID-19 pandemic), NEFES will continue to provide unique platform for researchers, scientists, engineers and professionals from all over the world to present their latest research result and new ideas in terms of new energy and future energy system. The conference program will include keynote speeches, invited speeches, oral presentations and poster presentations and post-conference technical investigation.
