WELCOME TO FSDM 2020

The 5th International Conference on Fuzzy Systems and Data Mining (FSDM2019)

FSDM 2020

FSDM 2020

November 13-16, 2020

Online Conference

The 6th International Conference on Fuzzy Systems and Data Mining

CALL FOR PAPERS

Conference Committee

FSDM History

FSDM2015 in Shanghai
FSDM2016 in Macau
FSDM2017 in Taiwan
FSDM2018 in Bangkok
FSDM2019 in Kitakyushu

In the past 5 years, gathered

about **700 attendees**

from over **50** countries

Over 500 papers

published in the conference proceeding indexed by EI Compendex, Scopus

about 200 selected papers

recommended and published in related SCIE-indexed journals with impact factors

SEE YOU AT XIAMEN

Topics of Interests

Fuzzy Systems

Fuzzy optimization & modeling
Fuzzy Theory & Algorithm
Fuzzy decision & support
Fuzzy signal processing
Fuzzy control system
Fuzzy classification
Soft computing
Fuzzy subalgebra
Fuzzy diagnosis
Rough set

Data Mining

Parallel algorithms
Distributed algorithms
Mining on data streams
Graph & subgraph mining
Data mining visualization
Security & privacy issues
Scalable data preprocessing
High performance algorithms
Data mining systems in finance
Text, video, multimedia data mining

Important Deadlines

Full Paper Submission Due: August 31, 2020
Abstract Submission Due: Oct. 15, 2020
Presentation Submission Due: Oct. 17, 2020
(in the form of Video/e-poster)

Highlights of FSDM2020 Online

1) Full paper publication in conference proceedings FAIA or EI/SCI journals;

2) Oral Presentation changes to a pre-registered video or ppt/pdf presentation with audio; Poster presentation requires a well-designed poster in pdf format.

Paper Publication

Conference Proceedings
✓ (EI & Scopus Indexed)

to be published in the book series below by IOS Press:
Frontiers in Artificial Intelligence and Applications (FAIA)

✓ Journals with Impact Factors

International Journal of Fuzzy Systems (F=4.406)
Mobile Information Systems(IF=1.508)
Wireless Communications and Mobile Computing(IF=1.819)
Discrete Dynamics in Nature and Society(IF= 0.870）
Journal of Applied Statistics (IF=1.031）
Intelligent Data Analysis (IF=0.651）
Sensors (IF=3.275)
Symmetry (IF=2.645)
Mathematics (IF=1.747)

Submission Requirements

1. Manuscripts must be written in English with a minimum paper length of five (5) printed pages ;
2. Acceptance or rejection will be announced after the peer review process (about 4-8 weeks) ;
3. Plagiarism is strongly prohibited.

How to Submit

1. Submit via FSDM submission system at www.fsdmconf.org (Author Login)
2. Consult via e-mail at fsdm@fsdmconf.org

FSDM2020 General Chair

Prof. Jin Gou, Dean, College of Computer Science and Technology, Huaqiao University, China

Keynote Speakers

Prof. Rongrong Ji, School of Information, Xiamen University, China

Research Interests: computer vision, multimedia, and machine learning
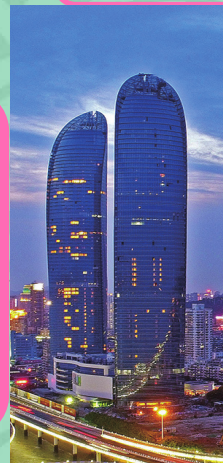

Prof. Juan Manuel Corchado, University of Salamanca, Spain; Director of European IoT Digital Innovation Hub

Research Interests: digital animation, security, blockchain, IoT

Dr. A. Fazel Famili, Data Scientist and Data Analytics Consultant, Founding Editor-in Chief, IDA, Canada

Research Interests: data mining, pattern recognition, machine learning

Time Alloted for Oral Presentions

Presentation	Time
Keynote Presentation	30-35 mins
Invited Presentation	15-20 mins
Regular Presentation	10-15 mins
