

BRIEF REVIEWS ON PAST CONFERENCES

Conference	Attendees	Countries	Spotlights
PCM2020	98	24	Online Conference
PCM2019	162	29	Got a new way to select best poster presentations
PCM2018	190	35	120 oral presentations 53 poster presentations
PCM2017	135	28	Started to select best poster presentations
PCM2016	200	22	358 Submissions
PCM2015	100	16	117 published papers
PCM2014	140	19	Organized by 6 societies

The Global Conference on Polymer and Composite Materials (PCM) aims to provide a forum for academic experts/researchers to exchange their experiences and share research results about all aspects of polymer and composite materials, and to discuss the encountered practical challenges and the adopted solutions.

The conference program consists of Keynote Speech, Invited Speech, Oral Presentation and Poster Presentation.

Every year, BEST oral and poster presentations will be selected by listeners and awarded with free registration to the next conference.

CALL FOR PRESENTATIONS

Types	Allotted Time
Invited Presentation	25 minutes
Oral Presentation	15 minutes
Poster Presentation	1-2 hours on August 17

An abstract is enough for oral/poster presentation, please submit it via www.cpcmconf.org or via e-mail pcm@academicconf.com

STANDARD CONFERENCE RATE

Offline Registration	4500 HKD
Online Registration	1000 HKD

The registration fee (**OFFLINE**) includes:

1. Conference Materials;
2. Paper Publication in Conference Proceedings;
3. Access to all sessions and coffee breaks;
4. Lunches and dinners during August 17-18, 2021 (dinner at Macau Tower on Aug. 18);
5. One day tour in Macau on August 19, 2021

August 16, 2021
Conference Registration
Online Microsoft Team Test

August 17, 2021
Keynote Speeches
Poster Presentations
Oral Presentations

August 18, 2021
Invited Speeches
Oral Presentations
Buffet Dinner at Macau Tower: 360° Café

August 19, 2021
One Day Tour in Macau

Conference
Program

August 16-19, 2021
Macau, China (Offline)
Microsoft Teams (Online)

The 8th
Global Conference on
**Polymer and
Composite
Materials**
(PCM 2021)

Polymer Materials

Plastics
Rubber
Polymer optoelectronics
Engineering polymers
Polymeric catalysts
Radiation-related Polymers
Polymeric biomaterials
Polymer processing
Surface and interface
Polymeric gels & networks

Composite Materials

Biomedical composites
Textile composites
Green composites
Carbon matrix composites
Metal matrix composites
Multi-functional composites
Nanotechnology composites
Composites manufacturing
Liquid composite molding
Applications of composites

Conference General Chair

Prof. Esteban Broitman, SKF Research & Technology Development, Netherlands

Technical Program Committee

Prof. Nao-Aki Noda, Kyushu Institute of Technology, Japan
Prof. Shuji Ogata, Nagoya Institute of Technology, Japan
Prof. Selma E. Mazzetto, Federal University of Ceará, Brazil
Prof. Ming Yang, Jilin University, China
Prof. Ignazio Blanco, University of Catania, Italy
Prof. Marco Valente, Sapienza University of Rome, Italy
Prof. Murat Tas, Ondokuz Mayıs University, Turkey
Prof. Semra Kurama, Eskisehir Technical University, Turkey
Prof. Rabah A. Khalil, University of Mosul, Iraq
Prof. Alia H. Salama, National Research Center, Egypt
Prof. Abdelouahed Tounsi, Yonsei University, Korea
Dr. Mehdihasan Shekh, Sardar Patel University, India
Dr. Farid Touaiti, University of Ghardaia, Algeria
Dr. Seyed Ebrahim Vahdat, Islamic Azad University, Iran
Dr. Rajib Paul, Case Western Reserve University, USA
Dr. Sónia Carabineiro, University of Lisbon, Portugal
Dr. Paulo N. B. dos Reis, University of Coimbra, Portugal
Dr. Wong King Jye, Universiti Teknologi Malaysia, Malaysia
Dr. Elena Serrano, University of Alicante, Spain
Dr. Xuanjun Zhang, University of Macau, China
Dr. Benoit Fouconnier, Universidad Veracruzana, México
.....

Macau, known as the "Vegas of China", is a special administrative region in southern China. It was a Portuguese colony for 300 years and an area with a fantastic mix of culture. It is world-famous as a gaming destination and has also begun attracting visitors with an increasing array of shows, entertainment, and nightlife. The city's historic center, with its rich blend of Chinese and European architecture and culture, has been designated a UNESCO World Heritage Site.

Conference Main Topics

Publications

1. Conference Proceedings

Journal of Physics: Conference Series
Submitted to EI compendex & Scopus for indexing

2. ISI Journals

- > e-Polymers (IF=1.675)
- > Science and Engineering of Composite Materials (IF=0.700)
- > Materials Express (IF=1.650)
- > Processes (IF=2.753)

KEY DATES

⇒ **June 25, 2021**

Final Round Submission Deadline

⇒ **August 16, 2021**

Conference Registration Deadline

Look Back at PCM2020 Online Conference

*If you have a chance to visit Macau,
do not forget to go to Macau Tower,
an important landmark of the city*

360° Café Macau Tower

*We will have dinner
here on August 18*

On Level 60 of Macau Tower, the 360° whirling Café provides you authentic Chinese and western style food, such as, fresh sea food, Indian and Portuguese flavors, spaghetti and sweets of Italy. You will enjoy yourself about the buffet dinner no matter by the environment of the café or the delicious food it offered. You can have a bird's eye view of scenery around the Macau Tower at the same time.
