

Conference Organizers

Research Center for Eco-Environmental Sciences, Chinese Academy of Sciences, formerly the Institute of Environmental Chemistry of Chinese Academy of Sciences founded in 1975, is the first comprehensive research institution engaged in research on eco-environmental science and technology in China. In 1986, authorized by State Science and Technology Commission and Chinese Academy of Sciences (CAS), it was amalgamated with Research Center of Ecology of CAS and was reorganized into Research Center for Eco-Environmental Sciences of Chinese Academy of Sciences. In June 1999, it became a part of the Pilot Project of Knowledge Innovation Program of CAS.

Formerly known as Kaohsiung Polytechnic Institute (KPI), **I-Shou University** is a private university in Dashu District, Kaohsiung, Taiwan. ISU was established in 1986 by I-Shou Lin, the founder of E United Group, to commemorate his mother as well as to benefit the villages and towns where he started his business. KPI was officially renamed I-Shou University on August 1, 1997. Aspiring to become an international comprehensive university, ISU spares no effort to develop and grow in all aspects.

The 6th International Conference on Advances in Civil and Ecological Engineering Research

July 23-26, 2024 Beijing, China

Brief Program

July 23, 2024	Registration Welcoming Speech, Keynote Speeches,
July 24, 2024	Invited Presentations, Oral Presentations and Poster Presentations
July 25, 2024	Invited and Oral Presentations, Awarding Banquet
July 26, 2024	One-day Technical Investigation in Beijing

Important Dates

First Round of Submission Due	January 31, 2024
Early Registration	June 8, 2024
Onsite Registration	July 23, 2024
Keynote, Oral, and Poster Presentations	July 24-25, 2024
One-day Technical Investigation in Beijing	July 26, 2024

About ACEER 2024

The 6th International Conference on Advances in Civil and Ecological Engineering Research (ACEER 2024) is to be held from July 23-26, 2024, in Beijing, China. It is co-organized by Research Center for Eco-Environmental Sciences, Chinese Academy of Sciences and I-Shou University (Department of Civil and Ecological Engineering).

The International Conference on Advances in Civil and Ecological Engineering Research (ACEER) was launched in 2019 in Kaohsiung. The past five events, 2019 in Kaohsiung, 2020-2022 Online, and 2023 in Macau, were successfully held based on great support from excellent speakers and TPC members for their technical advice and over 320 participants' active involvement. As an annual gathering, ACEER provides a platform for professionals and scholars to present robust research demonstrating the expanding frontiers in the fields of Civil Engineering and Ecology Engineering and opens doors for discussing the challenges and recommending better solutions for the problems in the Environment.

Welcome to join us!

www.aceerconf.org/

Main Topics

Structural Engineering
Geotechnical Engineering
Bridge Engineering
Geological Engineering
Construction Engineering and Management
Tunnel, Subway and Underground
Earthquake Engineering
Coastal Engineering
Transportation Engineering
Water Resources Engineering
Cartography and Geographic Information System
Urban Planning and Design
Geological Resources and Engineering
Green Building Technologies and Materials
Fluid Mechanics
Hydraulic and Hydrologic Engineering

Environmental Landscaping
Protection and Reclamation of Soils
Air Quality and Atmospheric Pollution
Environmental Monitoring
Sustainable Development
Meteorology and Climate Change
Heavy Metals in the Environment
Renewable Energy Technologies
Water Pollution and Treatment

Presentation Types & Registration Fee

Types	Allotted Time
Keynote Presentation	40 min
Invited Presentation	20 min
Oral Presentation	15 min
Poster Presentation	30 min-1 hour
Registration Type	Registration Fee
Standard Registration	USD 500
Co-author/Listener/ Accompany Person	USD 400

Call for Papers

- Abstract or full paper should be submitted via the conference official website: <http://www.aceerconf.org/>
- Accepted and presented abstracts will be included in the abstract proceedings for academic exchange only
- Accepted full papers will be published in the conference proceedings "Lecture Notes in Civil Engineering", Springer book series, indexed by EI, and Scopus
- Selected papers will be published in SCI journals, such as Applied Ecology and Environmental Research, Green Processing and Synthesis, etc.

Conference History

ACEER 2019
July 1st-4th, 2019
Kaohsiung

Online Conferences in 2020-2022

ACEER 2023
July 4th-7th, 2023
Macau

Technical Program Committee

Conference General Chair

Dr. Chih-Huang Weng, Professor, Department of Civil Engineering, I-Shou University, Taiwan
Prof. Zhimin Qiang, Director, State Key Laboratory of Environmental Aquatic Chemistry, Research Center for Eco-Environmental Sciences, Chinese Academy of Sciences, China

Technical Program Committee Chair

Prof. Mengkai Li, State Key Laboratory of Environmental Aquatic Chemistry, Research Center for Eco-Environmental Sciences, Chinese Academy of Sciences, China

Committee Members

Prof. Zhe Sun, State Key Laboratory of Environmental Aquatic Chemistry, Research Center for Eco-Environmental Sciences, Chinese Academy of Sciences, China.....

Explore Beijing

Beijing is the capital of the People's Republic of China. It is a global city and one of the world's leading centres for culture, diplomacy, politics, finance, business and economics, education, research, language, tourism, media, sport, science and technology and transportation. As a megacity, Beijing is the second largest Chinese city by urban population after Shanghai. It is home to the headquarters of most of China's largest state-owned companies and houses the largest number of Fortune Global 500 companies in the world, as well as the world's four biggest financial institutions by total assets. It is also a major hub for the national highway, expressway, railway, and high-speed rail networks.

Courmet Food

Sugar Figure Blowing Art, Lv Da Gun, Tanghulu, Beijing barbecue, Beijing Roast Duck, Instant-boiled mutton

The Palace Museum, Badaling Great Wall, Mutianyu Great Wall, Temple of Heaven, Jingshan Park, Ming Tombs, The Imperial Image, The Summer Palace
