# The 8th International Conference on WATER RESOURCE AND ENVIRONMENT (WRE 2022)

The WRE conference is an annually held conference that highlights the needs to maintain the sustainability of water resources and to protect the fragile water environments. It aims to provide a platform for professionals and specialists to present their latest findings, opinions and views.

It was successfully held online in 2021 and 2020, and physically held in Beijing, Shanghai, Qingdao, Kaohsiung, and Macau in the past years. It has attracted a total of **1000+** attendees from **41+** countries and areas, and published **600+** full papers in conference proceedings and peer-reviewed journals.

The Terracotta Army is the underworld army of Emperor Qin Shihuang (the first unifier of China), which built to consolidate his power and country like the first version of the Great Wall. The army is the masterpieces of realism and comprises different branches of the armed force, chariots, horses as well as their weapons.

Offline: Xi'an, China

Online: Microsoft Teams

November 1-4, 2022

**XI'AN** is one of the birthplaces of the ancient civilization in the Yellow River Basin area of China. Best known for its archaeology, ancient historical ruins, and cultural relics, Xi'an draws visitors to have a glimpse of the Kingdom's long and splendid history.
